

Thank you for choosing the Intellitron FS-1901 Foot Switch. This foot switch allows you to control your push-to-talk (PTT) function while keeping your hands free for other tasks. The switch operates smoothly with the perfect amount of spring tension to prevent accidental activation. The base of the switch is equipped with four large rubber feet to ensure it stays securely in place during use.

The switch is connected to a 10-foot long, flexible 20-AWG two-conductor stranded copper wire and features a specially designed 1/4-inch phone plug that works with Heil Sound CC-1 microphone cables and other compatible aftermarket microphone adapters.

SPECIFICATIONS

- Switch Type: SPST (Single Pole Single Throw)
- Switch Contacts: 15A, 250V
- Maximum Current: 3A at 12VDC (limited by wire gauge and plug design)
- Contact Closure: Approximately 6 lbs

MODIFICATIONS

You can easily modify the FS-1901 to shorten the cable or change the connector. To remove the existing 1/4-inch plug:

1. Twist the knurled ring counterclockwise.
2. Push the 1/4-inch sleeve back through the connector body.
3. This will expose the solder connections, making them easy to access.

TWO YEAR LIMITED WARRANTY

This Limited Product Warranty is provided by the Dealer where your Intellitron product was purchased. The Product Warranty extends only to the original purchaser of the product and is valid for a period of two years from the date of purchase. Please keep your dated sales receipt as evidence of the date of purchase. You will need it to receive warranty service. Your Dealer warrants the product will be free from defects in workmanship and materials under normal use. If the product fails to conform to the warrant and is within the warranty period of two years, contact your original dealer for a return authorization. Your dealer may choose to either repair or replace the non-conforming product.
